

## 2024 Baby Category Announcement

### Change in Fuel Mix

All parents, trainers and team leaders are hereby notified that, starting with Round 9 and 10 of this season, the gasoline and oil ratio, only for the Baby category, and in order to improve engine performance, will be modified to:

19 liters of fuel: 0.600 milliliters of ELF oil.

We appreciate the understanding and participation of all of you.

Sincerely,

SKUSA Mexico Championship.
