

X30 Engine Announcement

All drivers and tuners are hereby notified that, starting on the first day of 2023, it will be permitted to compete with the new version of the X30 engine. They are also informed that the previous version will remain valid. The exchange of components between the two generations will not be permitted. In short, all components must be 100% of the new version or 100% of the previous version.

Sincerely,

SKUSA Mexico Championship.
